1. Minnesota Turkey Growers Association (MTGA) has been serving up turkey at the Minnesota State Fair for 58 years (since 1958). Our State Fair concession stand, Turkey To Go, is known for its signature Giant Juicy Turkey Sandwich and Slow-Roasted Turkey Drumsticks.
2. Our menu:
 - **Giant Juicy Turkey Sandwich** (\$7.25)
 - **Slow-Roasted Turkey Drumstick** (Original, Sweet Glazed & Buffalo - \$8.50)
 - **Toppings:** bleu cheese & buffalo sauce; brie & cranberry sauce; and crispy chopped bacon & sweet glaze (\$2.50)
 - **(NEW in 2015) - Tasty Turkey Sunrise Sandwich** - Our signature Turkey To Go product, an egg, and slice of American cheese on a bun (\$7.25 or add optional turkey bacon and/or croissant at an additional costs)
3. A portion of every sale goes to Hunger Solutions Minnesota.
4. Turkey To Go is located next to the All-You-Can-Drink Milk Stand (1256 Clough Street).
5. Turkey To Go was named the **People's Choice Award for "Best Food or Beverage"** at the 2012 Minnesota State Fair!
6. Turkey to Go by the numbers:
 - We expect to cook approximately 20,000 pounds of turkey at Turkey To Go this year for our Giant Juicy Turkey sandwiches.
 - From 2011-2015, Turkey To Go sold a total of 236,000 Giant Juicy Turkey sandwiches and 52,000 Slow-Roasted Turkey Drumsticks
7. Our Giant Juicy Turkey Sandwich (eaten without the bun) and Jumbo Turkey Drumstick are gluten-free.
8. Don't forget about our breakfast sandwich, which debuted in 2015 - the **"Tasty Turkey Sunrise Sandwich"** that includes our famous Turkey To Go pulled turkey, an egg, slice of American cheese on choice of bun

(\$7.25). Fairgoers can also swap the bun for a croissant for an additional \$1.00. Turkey bacon can also be added for an additional \$1.00.

9. Turkey To Go also has locations at Target Field and Target Center. Up-to-date location information can be found at www.twitter.com/turkeytogo or visit www.turkeytogo.com for details.
 - Target Field – Turkey To Go is behind home plate between sections 112 and 113 as well as outside Section 318.
 - Target Center
10. Turkeys raised in the U.S. are free of added hormones and steroids. In fact, there are no hormones or steroids approved for use in turkey production in the U.S. (and there hasn't been since the 1950s).
11. Minnesota is ranked #1 for turkey production, processing, and hatching in the U.S. and is home to 450 turkey farmers who raise approximately 46 million turkeys annually on 600 farms. Minnesota has the most family-owned turkey farms of any state in the U.S. and many of our turkey producers are 3rd, 4th and 5th generation farmers.
12. MTGA was formed in 1939 as a nonprofit trade association dedicated to fostering a successful turkey industry. Today MTGA and its sister organization, Minnesota Turkey Research Promotion Council work on behalf of Minnesota's turkey industry in the areas of research, promotion, public relations, issues management, education and government affairs.
13. Nutritionally, turkey has more protein than chicken or beef – plus fewer calories with zero trans- and saturated fat.
14. MTGA's Web site – www.minnesotaturkey.com – features links to turkey recipes for consumers and the foodservice industry. We also have recipes at our State Fair booth in the Dairy Building.
15. Producing a quality, nutritious and safe product is the top priority for turkey farmers as well as turkey processing companies, which follow USDA guidelines for food safety. Consumers, too, need to do their part to ensure that turkey is handled properly in the kitchen and cooked to an internal temperature of 165 degrees F., as measured by a food thermometer.
